

### Saved Her Life

The unqualified endorsement of Fruitula and Traxo in a recent letter from Mrs. S. Grindle, 5219 Magnolia St., Pittsburgh, Pa., will be of interest to other sufferers from stomach and intestinal troubles. Mrs. Grindle says:

"The doctors had given me up, saying the only hope left was an operation. I tried Fruitula and passed hundreds of gall-stones with the first two bottles. Am now feeling better than I have for years past. I will be glad to tell any sufferer how it has helped me, for I owe my life to it."

Fruitula possesses properties that act directly upon the intestinal tract, softening the congested waste and disintegrating the hardened particles that cause so much suffering, and expels the accumulation to the great relief of the patient. Traxo is a tonic-alterative that acts on the liver and kidneys, stimulates the flow of gastric juices, to aid digestion and remove bile from the general circulation. It serves to build up the weakened, run-down system.

For the convenience of the public, arrangements have been made to supply Fruitula and Traxo through representative druggists. In Clarksville they can be obtained at

Dewey Hanes.

For the second time Dewey Hanes of Arcanum, Darke county, Ohio, has won the Buckeye Boys' corn growing contest. This year he raised 153.76 bushels of corn on one acre. The boy did all the work of raising the corn himself. The measurements were made by others.

### NEW REGULATIONS REGARDING EXPORTS

Which Will Become Effective January 1 Are Creating Intense Interest.

WASHINGTON, Nov. 24.—The announcement that new United States regulations relative to export procedure will become effective January 1, 1916, has created such intense interest among manufacturers and shippers that the bureau of foreign and domestic commerce, department of commerce, has found it necessary to reprint the new order with explanatory text. That pamphlet is just off the press and is being supplied free of charge to those interested, upon application to the above-mentioned office. All shipments for export to foreign countries or to Alaska, Hawaii, and Porto Rico will be affected by the new regulations.

Accuracy of statement and completeness of description in export statistics the primary objects of the new procedure. Heretofore the data received by the bureau of foreign and

domestic commerce have frequently been lacking in these respects, largely by reason of the fact that interior shippers consign to their agents at the seaboard for export goods unaccompanied by adequate descriptions for use in making export declarations. The new regulations seek to remedy this defect.

The importance of detailed and accurate returns as a basis for the statistical information published by the bureau of foreign and domestic commerce is apparent when it is realized that the export trade of the country now exceeds \$3,000,000 annually and is rapidly increasing. With practically all commodities participating in that growth, interest in commercial procedure is wide-spread and to meet the demand for authoritative instructions regarding the new requirements in export trade, the main feature of treasury decision No. 35,704 containing the regulations on that subject have been summarized as follows:

1. A simplified form of shippers' export declaration has been prescribed

and alike for exports by rail and by vessel. It is so drawn up as to prevent the disclosure of the value of goods to persons outside the customs service. The duplicate to be handed over to the shipper's agent at the seaboard or to the common carrier as proof of compliance with customs requirements will contain no statement of value.

2. The oath to shippers' declarations for export by water may be taken before any person authorized to administer oaths and not as heretofore exclusively before the collector of customs at the port of exportation. This will facilitate the preparation of export declarations by the original shipper instead of by his agent at the seaboard who is less cognizant of the character and value of the merchandise and the country of final destination. Manufacturers themselves are urged to make out the export declarations wherever practicable, to assist in which work the bureau of foreign and domestic commerce cheerfully supplies to those interested schedule B, containing the official classification of all merchandise entering export trade.

3. The requirements on the part of common carriers have been somewhat simplified and hereafter copies of the way-bills will be accepted from the railroad companies in lieu of car manifests. In vessel manifests a notation that the values are as stated on the shippers' declarations will be accepted in lieu of a detailed statement of the value of each shipment.

4. On and after January 1, 1916, the legal requirement that goods shall not pass out of the jurisdiction of the United States until shippers' declarations are presented in due form will be strictly enforced. Exception will be made only when the carrier gives bond to produce within fifteen days export declarations (originals or duplicates) for all shipments. Compliance with the new regulations will impose no hardships on exporters who have been observing the legal requirements. On the contrary their convenience is served, and the co-operation of the shippers generally will aid the bureau of foreign and domestic commerce in publishing more domestic commerce in publishing full and accurate information regarding the export trade and thus furnish to the manufacturers of the country an accurate business guide.

### Ends Dry, Hoarse or Painful Coughs Quickly

A Simple, Home-Made Remedy, Inexpensive but Unequalled

The prompt and positive results given by this pleasant tasting, home-made cough syrup has caused it to be used in more homes than any other remedy. It gives almost instant relief and will usually overcome the average cough in 24 hours.

Get 2 1/2 ounces Pinex (50 cents worth) from any drug store, pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. This makes a full pint—a family supply—of the most effective cough remedy at a cost of only 54 cents or less. You couldn't buy as much ready-made cough medicine for \$2.50. Easily prepared and never spoils. Full directions with Pinex.

The promptness, certainty and ease with which this Pinex Syrup overcomes a bad cough, chest or throat cold is truly remarkable. It quickly loosens a dry, hoarse or tight cough and heals and soothes a painful cough in a hurry. With a persistent loose cough it stops the formation of phlegm in the throat and bronchial tubes, thus ending the annoying hacking.

Pinex is a highly concentrated compound of genuine Norway pine extract, rich in quaiacol and is famous the world over for its splendid effect in bronchitis, whooping cough, bronchial asthma and winter coughs.

To avoid disappointment in making this, ask your druggist for "2 1/2 ounces of Pinex," and don't accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

### Maternity! The Word of Words

It is written into life's expectations that motherhood is the one sublime accomplishment. And if there is anything, no matter how apparently trivial it may seem, if it can aid, help, assist or in any way comfort the expectant mother, it is a blessing. And such is a remedy called "Mother's Friend." You apply it over the stomach muscles. It is gently rubbed on the surface, and makes this relaxes the strain on ligaments, natural expansion takes place without undue effort upon the nerves. And as the time approaches, the mind has gone through a period of repose, of gentle expectancy, and this has an unquestioned influence upon the future child. That this is true is evidenced by the fact that three generations of mothers have used and recommended "Mother's Friend." Ask your nearest druggist for a bottle of this splendid remedy. He will get it for you. And then write to Broadfield Regulator Co., 707 Lamar Bldg., Atlanta, Ga., for a most interesting book of information to prospective mothers. It is mailed free. Write today. It is a book you will enjoy.

It is replete with important and timely topics such as a description of the nerves, muscles and parts involved, the strange mystery of a new baby, the law of continuity, but particularly so to one who is to become a mother. It is mailed free to all who write for it.
